Dear Stockholder:

You are cordially invited to attend the 2026 Annual Meeting of Stockholders ("Annual Meeting") of Alzamend Neuro, Inc. ("Alzamend Neuro" or the "Company"). The Annual Meeting will be held on April 17, 2026 at 12:00 p.m. ET. The Annual Meeting will be held in a virtual meeting format only. You can attend the Annual Meeting online and vote your shares electronically during the Annual Meeting by visiting meetnow.global/XXXXXX. You will not be able to attend the Annual Meeting in person.

Details regarding admission to the Annual Meeting and the business to be conducted are more fully described in the accompanying Notice of 2026 Annual Meeting of Stockholders and Proxy Statement.

The agenda for this Annual Meeting includes (i) the election of seven (7) directors, (ii) the ratification of the appointment of Haskell & White LLP as Alzamend Neuro's independent registered public accounting firm for the fiscal year ending April 30, 2026, (iii) a non-binding advisory vote on the compensation paid to our named executive officers, (iv) the approval of the Company's 2025 Equity Incentive Plan, (v) the approval, for purposes of complying with Listing Rule 5635(c) of The Nasdaq Stock Market, LLC, equity issuances to directors and executive officers of the Company, (vi) the approval of an amendment to Alzamend Neuro's Certificate of Incorporation to effect a reverse stock split of the Company's common stock, par value \$0.0001 per share (the "Common Stock") by a ratio of not less than one-for-two and not more than one-for-ten at any time prior to April 16, 2027, with the exact ratio to be set at a whole number within this range as determined by the Board of Directors in its sole discretion and (vii) the approval of one or more adjournments of the Annual Meeting to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the Annual Meeting, there are insufficient votes to approve one or more of the other proposals before the Annual Meeting.

Your vote is very important. Whether or not you plan to attend the Annual Meeting, please carefully review the Proxy Statement and then cast your vote, regardless of the number of shares you hold. If you are a stockholder of record, you may vote over the Internet, by telephone, or by completing, signing, dating and mailing the accompanying proxy card in the return envelope. Submitting your vote via the Internet in advance of the Annual Meeting or by telephone or proxy card will not affect your right to vote during the Annual Meeting if you decide to attend the Annual Meeting. If your shares are held in street name (held for your account by a broker or other nominee), you will receive instructions from your broker or other nominee explaining how to vote your shares, and you will have the option to cast your vote by telephone or over the Internet in advance of the Annual Meeting if your voting instruction form from your broker or nominee includes instructions and a toll-free telephone number or Internet website to do so. In any event, to be sure that your vote will be received in time, please cast your vote by your choice of available means at your earliest convenience.

We hope that you will join us on April 17, 2026. Your continuing interest in Alzamend Neuro is very much appreciated.

When is the record date for the Annual Meeting?

The Board of Directors (the "Board") has fixed the Record Date for the Annual Meeting as of the close of business on _____, 2026.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. As of the Record Date, there were issued and outstanding (i) _____ shares of Common Stock issued and outstanding, which constitutes all of the outstanding voting capital stock of the Company. Stockholders are entitled to one vote for each share of Common Stock held by them.

Thirty-five percent (35%) of the total votes entitled to be cast will constitute a quorum at the Meeting; of the _____ outstanding shares of Common Stock, or _____ such shares, will constitute a quorum at the Meeting.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with Computershare, then you are a stockholder of record. As a stockholder of record, you may vote at the Annual Meeting, vote by proxy over the telephone or through the Internet, or vote by proxy using the proxy card that was sent to you in the Proxy Materials. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Similar Organization

If, on the Record Date, your shares were held, not in your name but rather in an account at a brokerage firm, bank, dealer or other similar organization (the "record holder"), then you are the beneficial owner of shares held in "street name" and the Proxy Materials are being made available to you by the record holder or "nominee," along with voting instructions. As the beneficial owner, you have the right to direct the record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your record holder, it will not be entitled to vote your shares on any proposal, except the proposal for the ratification of auditors, which is a routine item.

As the beneficial owner of shares, you are invited to attend the Annual Meeting. If you are a beneficial owner, however, you may not vote your shares at the Annual Meeting unless you obtain a legal proxy, executed in your favor, from the record holder of your shares.

How do I vote?

Either (1) mail your completed and signed proxy card(s) to Alzamend Neuro, Inc., 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326, Attention: Corporate Secretary, (2) call the toll-free number printed on your proxy card(s) and follow the recorded instructions or (3) visit the website indicated on your proxy card(s) and follow the on-line instructions. If you are a registered stockholder and attend the Annual Meeting, then you may deliver your completed proxy card(s) or vote pursuant to the instructions on the proxy card. If your shares are held by your broker or bank, in “street name,” then you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not give instructions to your record holder, it will nevertheless be entitled to vote your shares in its discretion on the ratification of the appointment of the independent registered public accounting firm (Proposal No. 4), but not on any other proposal.

Internet proxy voting may be provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

What are the Board’s recommendations on how to vote my shares?

The Board recommends a vote:

Proposal 1: **FOR** the election of the seven (7) director nominees (page 7);

Proposal 2: **FOR** ratification of the selection of Haskell & White LLP as the Company’s independent registered public accounting firm (page 17);

Proposal 3: **FOR** approving, on a non-binding advisory basis, the compensation of our named executive officers, as disclosed in this proxy statement (page 19);

Proposal 4: **FOR** approving the Company’s 2025 Stock Incentive Plan (page 20);

Proposal 5: **FOR** approving, for purposes of complying with Listing Rule 5635(c) of Nasdaq, equity issuances to directors and executive officers of the Company (page 27);

Proposal 6: **FOR** approving the proposal to amend the Certificate to effect a reverse stock split of our Common Stock by a ratio of not less than one-for-two and not more than one-for-ten at any time prior to April 16, 2027, with the exact ratio to be set at a whole number within this range as determined by the Board of Directors in its sole discretion (page 29); and

Proposal 7: **FOR** approving one or more adjournments of the Annual Meeting to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the Annual Meeting, there are not sufficient votes to approve one or more of the other proposals before the Annual Meeting (page 34).

Who pays the cost for soliciting proxies?

We will pay the entire cost of soliciting proxies. In addition to these Proxy Materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We will also reimburse brokers, banks, custodians, other nominees and fiduciaries for forwarding these materials to their principals to obtain the authorization for the execution of proxies.

If I am a stockholder of record and I do not vote, or if I return a proxy card or otherwise vote but do not make specific choices?

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the Internet or online at the Annual Meeting, your shares will not be voted.

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “FOR” the election of each nominee for director, “FOR” ratification of the selection of Haskell & White LLP as our independent registered public accounting firm, “FOR” approving the compensation of our named executive officers, “FOR” approving the Company’s 2025 Stock Incentive Plan, “FOR” approving equity issuances to directors and executive officers of the Company, “FOR” approving the reverse stock split proposal and “FOR” approving one or more adjournments of the Annual Meeting. If any other matter is properly presented at the Annual Meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

If I am a beneficial owner of shares held in street name and I do not provide my broker or bank with voting instructions, what happens?

If you are a beneficial owner of shares held in street name and you do not instruct your broker, bank or other agent how to vote your shares, your broker, bank or other agent may still be able to vote your shares in its discretion. Under the rules of the New York Stock Exchange (“NYSE”), brokers, banks and other securities intermediaries that are subject to NYSE rules may use their discretion to vote your “uninstructed” shares with respect to matters considered to be “routine” under NYSE rules, but not with respect to “non-routine” matters. Proposals 1, 3, 4, 5 and 6 are considered to be “non-routine” under NYSE rules meaning that your broker may not vote your shares on those proposals in the absence of your voting instructions. However, Proposals 2 and 7 are considered to be a “routine” matter under NYSE rules meaning that if you do not return voting instructions to your broker by its deadline, your shares may be voted by your broker in its discretion on Proposals 2 and 7.

If you are a beneficial owner of shares held in street name, and you do not plan to attend the Annual Meeting, in order to ensure that your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank or other agent by the deadline provided in the materials that you receive from your broker, bank or other agent.

Can I change my vote?*Stockholder of Record: Shares Registered in Your Name*

Yes. If you are the stockholder of record for your shares, you may revoke your proxy at any time before the final vote at the Annual Meeting in one of the following ways:

- by notifying our Secretary in writing at 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326 that you are revoking your proxy;
- by submitting another properly completed proxy with a later date;
- by transmitting a subsequent vote over the Internet or by telephone prior to by 11:00 a.m., Eastern Time on April 17, 2026; or
- by attending and voting online during the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Similar Organization

If your shares are held in street name, you must contact your broker or nominee for instructions as to how to change your vote. Your attendance at the Annual Meeting does not revoke your proxy. Your last vote, whether prior to or at the Annual Meeting, is the vote that we will count.

How is a quorum reached?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least thirty-five percent (35%) of the shares of Common Stock are present at the Annual Meeting or represented by proxy. Shares held of record by stockholders or brokers, bankers or other nominees who do not return a valid proxy or attend the Annual Meeting will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. The inspectors of election appointed for the Annual Meeting will determine whether a quorum is present.

Abstentions and broker non-votes, if any, will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. If there is no quorum, the chairperson of the Annual Meeting or the holders of a majority of the shares of Common Stock present at the Annual Meeting or represented by proxy may adjourn the Annual Meeting to another date.

What are “broker non-votes”?

As discussed above, when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed to be “non-routine,” the broker or nominee cannot vote the shares. These unvoted shares are counted as “broker non-votes.”

What vote is required to approve each item and how are votes counted?

The following table summarizes the minimum vote needed to approve each proposal and the effect of abstentions and broker non-votes.

Proposal Number	Proposal Description	Vote Required for Approval	Effect of Abstentions	Effect of Broker Non-Votes	Matter
1	Election of Directors	Directors will be elected by a plurality of the votes cast by the holders of shares present or represented by proxy and entitled to vote on the election of directors. The seven (7) nominees receiving the most “FOR” votes will be elected as directors.	No effect	No effect	Non-routine
2	Ratification of the selection of “FOR” votes from the holders of a majority of the shares of Haskell & White LLP as the Common Stock present in person or represented by proxy and Company’s independent registered public accounting firm	“FOR” votes from the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter.	Against	Not applicable ⁽¹⁾	Routine
3	Approval, on an advisory basis, of executive compensation	“FOR” votes from the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter.	Against	No effect	Non-routine
4	Approval of the Reverse Stock Split	“FOR” votes from the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter.	Against	No effect	Non-routine
5	Approval of our 2025 Stock Incentive Plan	“FOR” votes from the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter.	Against	No effect	Non-routine
6	Approval of the Reverse Stock Split	“FOR” votes from the holders of a majority of the votes cast on the matter.	No effect	No effect	Non-routine
7	Approval of the adjournment of the Annual Meeting, if necessary, to permit further solicitation and vote of proxies	“FOR” votes from the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter.	Against	Not applicable ⁽¹⁾	Routine

(1) This proposal is considered to be a “routine” matter. Accordingly, if you hold your shares in street name and do not provide voting instructions to your broker, bank or other agent that holds your shares, your broker, bank or other agent has discretionary authority to vote your shares on this proposal.

Could other matters be decided at the Annual Meeting?

We do not know of any other matters that may be presented for action at the Annual Meeting. Should any other business come before the Annual Meeting, the persons named on the proxy will have discretionary authority to vote the shares represented by such proxies in accordance with their best judgment. If you hold shares through a broker, bank or other nominee as described above, they will not be able to vote your shares on any other business that comes before the Annual Meeting unless they receive instructions from you with respect to such matter.

What happens if the Annual Meeting is postponed or adjourned?

Your proxy may be voted at the postponed or adjourned Annual Meeting. You will still be able to change your proxy until it is voted.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K, or Form 8-K, that we expect to file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What does it mean if I receive more than one set of Proxy Materials?

It means that your shares may be registered in one or more names or multiple accounts at the transfer agent or with brokers. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

I share the same address with another stockholder of the Company. Why has our household only received one set of proxy materials?

The rules of the Securities and Exchange Commission's (the "SEC") permit us to deliver a single set of proxy materials to one address shared by two or more of our stockholders. This practice, known as "householding," is intended to reduce the Company's printing and postage costs. We have delivered only one set of proxy materials to stockholders who hold their shares through a bank, broker or other holder of record and share a single address, unless we received contrary instructions from any stockholder at that address.

Who should I call if I have any additional questions?

If you are the stockholder of record for your shares, please call the Company at (844) 722-6333. If your shares are held in street name, please contact the telephone number provided on your voting instruction form or contact your broker or nominee holder directly.

PROPOSAL 1: ELECTION OF DIRECTORS

General

At the Annual Meeting, the stockholders will elect seven (7) directors to serve until the 2027 annual meeting or until their respective successors are elected and qualified. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy, including vacancies created by an increase in the number of directors, shall serve for the remainder of the term and until the director's successor is duly elected and qualified. There are currently no vacancies on the Board.

Upon the recommendation of the Nominating and Corporate Governance Committee, our Board has nominated the seven (7) individuals listed in the table below for election as directors at the Annual Meeting. Each of the nominees listed below is currently a director of the Company. If you elect the nominees listed below, they will each hold office until the 2027 annual meeting and until each of their successors has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. All nominees are currently serving on our Board and have consented to being named in this Proxy Statement and to serve if elected.

If any nominee is unable or does not qualify to serve, you or your proxy may vote for another nominee proposed by the Board. If, for any reason, these nominees prove unable or unwilling to stand for election or cease to qualify to serve as directors, the Board will nominate alternates or reduce the size of the Board to eliminate the vacancies. The Board has no reason to believe that any of the nominees would prove unable to serve if elected.

** Hyperscale Data issued a press release on August 15, 2023 which summarized the terms of Hyperscale Data’s and Messrs. Ault and Horne’s settlement with the SEC. The press release announced, in pertinent part, that, “Under terms of the settlement, [Hyperscale Data], Mr. Ault, and Mr. Horne neither admit nor deny the SEC’s findings, which do not entail intentional misconduct. Board Independence

Rule 5605 of the Nasdaq Listing Rules requires that independent directors compose a majority of a listed company’s board of directors. In addition, the Nasdaq Listing Rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation, and nominating and corporate governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. Under Nasdaq Listing Rule 5605(a)(2), a director will only qualify as an “independent director” if, in the opinion of our Board, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. To be considered independent for purposes of Rule 10A-3 under the Exchange Act, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (i) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the company or any of its subsidiaries; or (ii) be an affiliated person of the company or any of its subsidiaries. In addition to satisfying general independence requirements under the Nasdaq Listing Rules, members of the compensation committee must also satisfy additional independence requirements set forth in Rule 10C-1 under the Exchange Act and Nasdaq Listing Rule 5605(d)(2). Pursuant to Rule 10C-1 under the Exchange Act and Nasdaq Listing Rule 5605(d)(2), in affirmatively determining the independence of a member of a compensation committee of a listed company, the board of directors must consider all factors specifically relevant to determining whether that member has a relationship with the company that is material to that member’s ability to be independent from management in connection with the duties of a compensation committee member, including: (a) the source of compensation of such member, including any consulting, advisory or other compensatory fee paid by the Company to such member; and (b) whether such member is affiliated with the Company, a subsidiary of the Company or an affiliate of a subsidiary of the Company.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, our Board has affirmatively determined that all our directors, except Milton C. Ault, III, who serves as our Vice Chairman of the Board, Stephan Jackman, who serves as our Chief Executive Officer, and Henry Nisser, who serves as our Executive Vice President and General Counsel, are independent directors within the meaning of the applicable Nasdaq Listing Rules and SEC rules. In making this determination, our Board has determined, upon the recommendation of our Nominating and Corporate Governance Committee, that none of these directors has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is independent within the meaning of the director independence standards established by the SEC and the Nasdaq Listing Rules. The Board also determined that each member of our Audit, Compensation and Nominating and Corporate Governance Committees satisfies the independence standards for such committees established by the SEC and the Nasdaq Listing Rules, as applicable.

At least annually, our Board will evaluate all relationships between us and each director considering relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director's ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, our Board will make an annual determination of whether each director is independent within the meaning of Nasdaq and the SEC independence standards.

Board Meetings and Attendance

Our Board held two (2) meetings during the fiscal year ended April 30, 2025, the Audit Committee held five (5) meetings, the Compensation Committee held one (1) meeting and the Nominating and Corporate Governance Committee did not hold a meeting, and the Board and various committees also took other actions by unanimous written consent. Each of the incumbent directors attended at least 75% of the meetings of the Board or committees of the Board on which he or she served during the fiscal year ended April 30, 2025 (in each case, which were held during the period for which he or she was a director and/or a member of the applicable committee). We encourage, but do not require, our Board members to attend the Annual Meeting.

Board Committees

Our Board has established three (3) standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each of which is composed solely of independent directors and is described more fully below. Each committee operates pursuant to a written charter and each committee reviews and assesses the adequacy of its charter and submits its charter to the Board for approval. The charters for each committee are all available on our website, www.alzamend.com. The inclusion of our website address here and elsewhere in this Proxy Statement does not include or incorporate by reference the information on our website into this Proxy Statement. Our Board may establish other committees from time to time.

The following table provides membership information for each committee:

- reviewing and discussing with the Board corporate succession plans for the Chief Executive Officer and other key officers.

In fulfilling its responsibilities, the Compensation Committee may delegate any or all its responsibilities to a subcommittee of the Compensation Committee, but only to the extent consistent with our amended and restated Certificate, our amended and restated bylaws (“*Bylaws*”), our Corporate Governance Guidelines, Section 162(m) of the Internal Revenue Code of 1986, as amended (the “*Code*”) (as applicable), the Nasdaq Listing Rules and other applicable law. In addition, pursuant to its charter, the Compensation Committee has the sole authority, in its sole discretion, to retain compensation consultants to assist the Compensation Committee with its functions, including any studies or investigations. The Compensation Committee did not engage a compensation consultant during the year ended April 30, 2025.

Nominating and Corporate Governance Committee

Ms. McGrath and Mr. Oram currently serve as members of the Nominating and Corporate Governance Committee, with Mr. Oram serving as chair of the committee. Our Board has determined that each member of the Nominating and Corporate Governance Committee is “independent” as defined under the applicable listing standards of Nasdaq. The functions of our Nominating and Corporate Governance Committee include, among other things:

- developing and recommending to the Board criteria for membership of the Board and committees;
- establishing procedures for identifying and evaluating Board candidates, including candidates recommended by stockholders;
- identifying individuals qualified to become members of the Board;
- recommending to the Board the persons to be nominated for election as directors and to each of the committees of the Board;
- developing and recommending to the Board a set of corporate governance guidelines; and
- overseeing the evaluation of the Board and management.

Identifying and Evaluating Director Nominees

Our Board is responsible for selecting its own members. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board, and of management, will be requested to take part in the process as appropriate.

Generally, our Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, using search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Once candidates have been identified, our Nominating and Corporate Governance Committee confirms that the candidates meet all the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to us during their tenure, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, detailed questionnaires, background checks or any other means that the Nominating and Corporate Governance Committee deems to be appropriate in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and considering the overall composition and needs of our Board. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board. The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders. The Nominating and Corporate Governance Committee does not intend to alter the way it evaluates candidates based on whether the candidate was recommended by a stockholder.

In accordance with our Bylaws and the charter of our Nominating and Corporate Governance Committee, nominations and recommendations of individuals for election to our Board at an annual meeting of stockholders may be made by any stockholder of record entitled to vote for the election of directors at such meeting who provides timely notice in writing to our Secretary at our principal executive offices. To be timely, we must receive the notice not less than 90 days nor more than 120 days prior to the first anniversary of the date of the prior year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, we must receive the stockholder's notice (i) no earlier than the close of business on the 120th day prior to the proposed date of the annual meeting and (ii) no later than the close of business on the later of the 90th day prior to the annual meeting or the 10th day following the day on which we first make a public announcement of the date of the annual meeting. The stockholder's written notice must contain specific information required in Section 2.15 of our Bylaws. For additional information about our director nomination requirements, please see our Bylaws.

Minimum Qualifications

Our Nominating and Corporate Governance Committee considers, among other things, the following qualifications, skills and attributes when recommending candidates for the Board's selection as director nominees for the Board and as candidates for appointment to the Board's committees: a director nominee shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other director nominees to the Board, in collectively serving the long-term interests of the stockholders.

In evaluating proposed director candidates, our Nominating and Corporate Governance Committee may consider, in addition to the minimum qualifications and other criteria for board membership approved by the Board from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, diversity considerations, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence (if applicable) and the needs of the Board. We have no formal policy regarding board diversity, but believe that our Board, taken as a whole, should embody a diverse set of skills, experiences and backgrounds. In this regard, the committee also takes into consideration the diversity (for example, with respect to gender, race and national origin) of our board members. The committee does not make any particular weighting of diversity or any other characteristic in evaluating nominees and directors. Our committee's priority in selecting board members is the identification of persons who will further the interests of our company through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, and professional and personal experiences and expertise relevant to our growth strategy.

Certain Board Arrangements

In May 2021, the Board and Mr. Ault, our Founder and Chairman Emeritus, agreed to certain arrangements with regard to our Board composition and other matters. Contemporaneously with the consummation of the initial public offering, and in consideration for (i) the conversion of 750 shares of our then series A convertible preferred stock beneficially owned by Mr. Ault through Ault Life Sciences, Inc. ("ALSI") into 11,111 shares of Common Stock, (ii) the extension of the maturity date of the promissory note in the original principal amount of \$15,000,000 (the "ALSF Note") issued to us by Ault Life Sciences Fund, LLC ("ALSF") to December 31, 2023, and (iii) the resignation of Mr. Ault as a director and executive officer of our company, the Board agreed that William B. Horne be named our Chairman of the Board and remain in that position for so long as Mr. Ault beneficially owns no less than 5% of the outstanding shares of Common Stock (for which Mr. Horne will be paid \$50,000 per year for his services), and Mr. Nisser remain a member of our Board of Directors for so long as Mr. Ault beneficially owns no less than 5% of the outstanding shares of Common Stock (for no additional remuneration). Effective October 2025, Mr. Ault longer beneficially owned less than 5% of the outstanding shares of Common Stock, and as such, these rights terminated at such time. Additionally, Mr. Ault will hold the position of Founder and Chairman Emeritus and, as such, have the right to nominate an observer to our Board for a period of five years after the closing date of the initial public offering. Immediately following the closing of the initial public offering in June 2021, we entered into a five-year consulting agreement with Mr. Ault under which he will provide strategic advisory and consulting services to us in consideration for annual fees of \$50,000. Upon Mr. Ault's reappointment to the Board in January 2024, the consulting agreement was terminated.

Leadership Structure and Risk Oversight

Our Board is currently chaired by Mr. Horne. Mr. Horne has been a director since June 2016 and served as our Chief Financial Officer from June 2016 until December 2018. Given Mr. Horne's extensive history with and knowledge of our company, we believe his role as our Chairman facilitates a regular flow of information between the Board and management and ensures that they both act with a common purpose.

One of the key functions of our Board is informed oversight of our risk management process. Our Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for us. Our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of our Common Stock to file initial reports of ownership and changes in ownership of our Common Stock and other equity securities with the SEC. These individuals are required by the regulations of the SEC to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of the forms furnished to us, and written representations from reporting persons, we believe that all filing requirements applicable to our officers, directors and 10% beneficial owners were complied with during our fiscal year ended April 30, 2025, except for one late Form 4 filed to report a purchase of 75 shares by a director.

Code of Business Conduct and Ethics

Our Board has adopted a written code of business conduct and ethics, revised effective May 25, 2021, that applies to our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions (the "*Code of Conduct and Ethics*"). In addition, on May 25, 2021, we adopted a Code of Ethics for our Chief Executive Officer and our Senior Financial Officers (the "*Code of Ethics*"). We have posted on our website a current copy of both codes and all disclosures that are required by law in regard to any amendments to, or waivers from, any provision of the Code of Conduct and Ethics.

Stockholder Communications with Our Board of Directors

Stockholders wishing to communicate directly with our Board may send correspondence to our Secretary, c/o Alzamend Neuro, Inc., 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326. Our Secretary will forward all comments directly to the Board. These communications will be reviewed by the Secretary of the Company designated by the Board who will determine whether the communication is appropriate for presentation to the Board or the relevant director. The purpose of this screening is to allow the Board to avoid having to consider irrelevant or inappropriate communications (such as advertisements, solicitations and hostile communications).

Director Compensation

The Company pays each independent director an annual base amount of \$25,000 and Mr. Horne an annual base amount of \$50,000, as discussed above under "Certain Board Arrangements". Additionally, our Board makes recommendations for adjustments to an independent director's compensation when the level of services provided are significantly above what was anticipated.

The table below sets forth, for each non-employee director, the total amount of compensation related to his or her service during the year ended April 30, 2025:

Name	Fees earned or paid in cash (\$)	Stock awards (\$)	Options awards (\$)	All other compensation (\$)	Total (\$)
William B. Horne	50,000	—	—	—	50,000
Milton C. Ault, III	25,000	—	—	—	25,000
Mark Gustafson	25,000	—	—	—	25,000
Lynne Fahey McGrath	25,000	—	—	—	25,000
Andy H. Woo ⁽¹⁾	25,000	—	—	—	25,000
Jeffrey Oram	25,000	—	—	—	25,000

(1) Mr. Woo passed away on November 14, 2025.

Vote Required

Directors are elected by a plurality of the votes of the shares present during the Annual Meeting or represented by proxy and entitled to vote on the election of directors. Accordingly, the seven (7) nominees receiving the most “FOR” votes will be elected as directors. You may not vote your shares cumulatively for the election of directors. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven (7) nominees named above. If any nominee becomes unavailable for election because of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by our Board. Your proxy cannot be voted for a greater number of persons than the number of director nominees named in this Proxy Statement.

Our Recommendation

The Board unanimously recommends that the stockholders vote “FOR” each of the director nominees.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The firm of Haskell & White LLP, independent registered public accounting firm, has been selected by the Audit Committee as our auditors for the fiscal year ending April 30, 2026. Haskell & White LLP has acted as the independent registered public accounting firm for Alzamend Neuro since 2024. No representative of Haskell & White LLP is expected to attend the Annual Meeting.

The Company's organizational documents do not require that the stockholders ratify the selection of Haskell & White LLP as the Company's independent registered public accounting firm. Alzamend Neuro requests such ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Haskell & White LLP, but still may retain this firm. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of Alzamend Neuro and its stockholders.

Pre-Approval Policy

The Audit Committee's policy is to pre-approve all services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee may also pre-approve particular services on a case-by-case basis. Our independent auditors are required to report periodically to the Audit Committee regarding the extent of services they provide in accordance with such pre-approval.

Review of the Company's Audited Financial Statements for the Fiscal Year Ended April 30, 2025

The Audit Committee met and held discussions with management and the independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 114 (Codification of Statements on Auditing Standards, AU 380), as amended.

In addition, the Audit Committee discussed with the independent auditors the auditors' independence from the Company and its management, and the independent auditors provided to the Audit Committee the written disclosures and letter required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations and the overall quality of the Company's internal controls and financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee approved the audited financial statements for inclusion in the Company's Annual Report on Form 10-K for the year ended April 30, 2025 for filing with the SEC.

Report of the Audit Committee of the Board of Directors

The material in this report is not "soliciting material," is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The audit committee has reviewed and discussed the audited financial statements for the fiscal year ended April 30, 2025 with management of the Company. The audit committee has discussed with our independent registered public accounting firm, Haskell & White LLP, the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC. The audit committee has also received the written disclosures and the letter from Haskell & White LLP required by applicable requirements of the PCAOB regarding Haskell & White LLP's communications with the audit committee concerning independence, and has discussed with Haskell & White LLP the firm's independence. Based on the foregoing, the audit committee recommended to the Board that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended April 30, 2025 for filing with the SEC.

PROPOSAL 3: APPROVAL, ON A NON-BINDING ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT

Reasons for this Proposal

We are seeking an advisory vote from our stockholders to approve the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC. We provide this vote under the federal securities laws (Section 14A of the Exchange Act) and in recognition of our stockholders' vote in 2023 recommending that we hold an advisory vote on executive compensation every three years. After our stockholders voted in 2023, the Board affirmed that recommendation and elected to hold future "say-on-pay" advisory votes every three years, until the next stockholder vote on "say-on-pay" frequency.

What does it mean to have a "say-on-pay" advisory vote?

You have the opportunity to vote "for," "against" or to "abstain" from voting on the following non-binding resolution relating to executive compensation:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion of this proxy statement."

In deciding how to vote on this proposal, you are encouraged to review the compensation tables and narrative discussion in this proxy statement regarding the Company's named executive officers, Messrs. Jackman and Katzoff. Our executive compensation program utilizes elements including base salary, management bonus, grants of equity, and health and other benefits to achieve the following goals:

- attracting, retaining, motivating, and rewarding highly talented, entrepreneurial, and creative executives;
- aligning and strengthening the mutuality of interests between our executives and our stockholders; and
- providing total compensation to executives that is internally equitable, competitive with peer companies, and driven by individual, departmental, and corporate performance.

While your vote on this proposal is advisory and will not be binding on the Compensation Committee, the Board or the Company, the Compensation Committee values the opinions of the Company's stockholders on executive compensation matters and will take the results of this advisory vote into consideration when making future decisions regarding the Company's executive compensation program.

Where can I find more information on executive compensation?

We describe our executive compensation in "Information About the Executive Officers," the compensation tables and the related disclosure contained in this proxy statement.

What are some of the performance and compensation highlights for 2025?

Performance and compensation highlights for 2025 can be found in "Information About the Executive Officers," the compensation tables and the related disclosure contained in this proxy statement.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to approve on an advisory basis, the compensation of the Company's named executive officers. This proposal is not binding.

Our Recommendation

The Board unanimously recommends that the stockholders vote "FOR" approval, on a non-binding advisory basis, of the compensation of the Company's named executive officers.

PROPOSAL 4: APPROVAL OF THE 2025 STOCK INCENTIVE PLAN

Overview

On November 13, 2025, the Board adopted, upon the recommendation of the Compensation Committee, the 2025 Stock Incentive Plan (the “**2025 Plan**”), subject to and effective upon stockholder approval at the Annual Meeting. We are asking our stockholders to approve the 2025 Plan in order to permit the Company to use the 2025 Plan to achieve the Company’s performance, recruiting, retention and incentive goals.

The 2025 Plan includes a variety of forms of awards, including stock options, stock appreciation rights, restricted stock, restricted stock units and dividend equivalents to allow the Company to adapt its incentive program to meet the needs of the Company in the changing business environment in which the Company operates.

We strongly believe that the approval of the 2025 Plan is essential to our continued success. We believe that equity is an important and significant component of our employees’ compensation. The Board further believes that equity incentives motivate high levels of performance, align the interests of our employees and stockholders by giving directors, employees and consultants the perspective of an owner with an equity stake in the Company, and provide an effective means of recognizing their contributions to the success of the Company. The Board and management believe that the ability to grant equity incentives will be important to the future success of the Company and is in the best interests of the Company’s stockholders.

One of the requirements of “performance-based compensation” under Section 162(m) of the IRC is that the material terms of performance-based awards be approved by stockholders. The material terms include: (i) the employees eligible to receive compensation, (ii) a description of the business criteria upon which a performance goal may be based, and (iii) the maximum amount of compensation that can be paid to an employee under awards intended to satisfy the performance-based compensation exception under Section 162(m). Stockholder approval of the 2025 Plan is intended to constitute approval of each of these aspects of the 2025 Plan for purposes of the approval requirements of Section 162(m). However, nothing in this proposal precludes the Company or the Compensation Committee, which administers the 2025 Plan, from granting awards that do not qualify for tax deductibility under Section 162(m), nor is there any guarantee that awards intended to qualify for tax deductibility under Section 162(m) will ultimately be viewed as so qualifying by the Internal Revenue Service. If stockholders fail to reapprove the material terms of performance-based awards under the 2025 Plan, we may continue to pay performance-based compensation thereunder in the future, even though any such compensation paid may not meet the conditions for tax deductibility under Section 162(m).

The potential dilution resulting from issuing all of the proposed 1.6 million shares of Common Stock under the 2025 Plan, assuming the 2025 Plan is approved by the stockholders, would on the Record Date be _____% (giving effect to such issuance).

We are seeking stockholder approval of the 2025 Plan in order to satisfy certain legal requirements, including making awards under it eligible for beneficial tax treatment. In addition, the Board regards stockholder approval of the 2025 Plan as desirable and consistent with good corporate governance practices.

Assuming stockholders approve the 2025 Plan, the 2025 Plan will be effective as the date of the Annual Meeting.

Summary of the 2025 Plan

The following is a summary of the material terms of the 2025 Plan and is qualified in its entirety by reference to the full text of the 2025 Plan, attached as **Annex B** to this Proxy Statement.

General. The 2025 Plan would authorize the grant to eligible individuals of (1) stock options (incentive and nonstatutory), (2) restricted stock, (3) stock appreciation rights, or SARs, (4) restricted stock units, and (5) other stock-based compensation.

Stock Subject to the 2025 Plan. The maximum number of shares of our Common Stock that may be issued under the 2025 Plan is 1.6 million shares, which amount will be increased to the extent that grants made under the 2025 Plan are forfeited, expire or are settled for cash (except as otherwise provided in the 2025 Plan).

Substitute awards (awards made or shares issued by the Company in assumption of, or in substitution or exchange for, awards previously granted, or the right or obligation to make future awards, in each case by a company acquired by the Company or any Company subsidiary or with which the Company or any subsidiary combines) will not reduce the shares authorized for grant under the 2025 Plan, nor will shares subject to a substitute award be added to the shares available for issuance or transfer under the 2025 Plan.

No Liberal Share Recycling. Notwithstanding anything to the contrary, any and all stock that is (i) withheld or tendered in payment of an option exercise price; (ii) withheld by the Company or tendered by the grantee to satisfy any tax withholding obligation with respect to any award; (iii) covered by a SAR that it is settled in stock, without regard to the number of shares of stock that are actually issued to the grantee upon exercise; or (vi) reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of options, shall not be added to the maximum number of shares of stock that may be issued under the 2025 Plan.

Eligibility. Employees of, and consultants to, our Company or its affiliates and members of our Board are eligible to receive equity awards under the 2025 Plan. Only our employees, and employees of our parent and subsidiary corporations, if any, are eligible to receive Incentive Stock Options. Employees, directors (including non-employee directors) and consultants of or for our Company and its affiliates are eligible to receive Nonstatutory Stock Options, Restricted Stock, Purchase Rights and any other form of award the 2025 Plan authorizes.

Purpose. The purpose of the 2025 Plan is to promote the interests of the Company and its stockholders by providing executive officers, employees, non-employee directors, and key advisors of the Company and its defined subsidiaries with appropriate incentives and rewards to encourage them to enter into and remain in their positions with the Company and to acquire a proprietary interest in the long-term success of the Company, as well as to reward the performance of these individuals in fulfilling their personal responsibilities for long-range and annual achievements.

Administration. Unless otherwise determined by the Board, the Compensation Committee administers the 2025 Plan. The Compensation Committee is composed solely of “non-employee directors” within the meaning of Rule 16b-3 under the Exchange Act, “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code, and “independent directors” within the meaning of Nasdaq listing standards. The Compensation Committee has the power, in its discretion, to grant awards under the 2025 Plan, to select the individuals to whom awards are granted, to determine the terms of the grants, to interpret the provisions of the 2025 Plan and to otherwise administer the 2025 Plan. Except as prohibited by applicable law or any rule promulgated by a national securities exchange to which the Company may in the future be subject, the Compensation Committee may delegate all or any of its responsibilities and powers under the 2025 Plan to one or more of its members, including, without limitation, the power to designate participants and determine the amount, timing and term of awards under the 2025 Plan. In no event, however, shall the Compensation Committee have the power to accelerate the payment or vesting of any award, other than in the event of death, disability, retirement or a change of control of the Company.

The 2025 Plan provides that members of the Compensation Committee shall be indemnified and held harmless by the Company from any loss or expense resulting from claims and litigation arising from actions related to the 2025 Plan.

Term. If the 2025 Plan is approved, the 2025 Plan will be effective April 17, 2026, and awards may be granted through April 16, 2036. No awards may be granted under the 2025 Plan subsequent to that date. The Board may suspend or terminate the 2025 Plan without stockholder approval or ratification at any time or from time to time.

Amendments. Subject to the terms of the 2025 Plan, the Compensation Committee as administrator has the sole discretion to interpret the provisions of the 2025 Plan and outstanding awards. Our Board generally may amend or terminate the 2025 Plan at any time and for any reason, except that no amendment, suspension, or termination may impair the rights of any participant without his or her consent, and except that approval of our stockholders is required for any amendment that:

- Increases the number of shares of Common Stock subject to the 2025 Plan;
- Decreases the price at which grants may be granted;
- Reprices existing options;
- Materially increases the benefits to participants; or
- Changes the class of persons eligible to receive grants under the 2025 Plan.

Repricing Prohibition. Other than in connection with certain corporate events, the Compensation Committee shall not, without the approval of the Company’s stockholders, (a) lower the option price per share of an option or SAR after it is granted, (b) cancel an Option or SAR when the exercise price per share exceeds the fair market value of one share in exchange for cash or another award (other than in connection with a change of control), or (c) take any other action with respect to an Option or SAR that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the Company’s shares are then listed.

Minimum Vesting Requirement. Grantees of full-value awards (i.e., awards other than options and SARs), will be required to continue to provide services to the Company or an affiliated company for not less than one-year following the date of grant in order for any such full-value Awards to fully or partially vest (other than in case of death, disability or a Change of Control). Notwithstanding the foregoing, up to five percent (5%) of the available shares of stock authorized for issuance under the 2025 Plan may provide for vesting of full-value awards, partially or in full, in less than one year.

Adjustments upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in our corporate structure affecting our Common Stock or the value thereof, appropriate adjustments to the 2025 Plan and awards will be made as the Board determines to be equitable or appropriate, including adjustments in the number and class of shares of stock available for issuance under the 2025 Plan, the number, class and exercise or grant price of shares subject to awards outstanding under the 2025 Plan, and the limits on the number of awards that any person may receive.

Change of Control. Agreements evidencing awards under the 2025 Plan may provide that upon a Change of Control (as defined in the 2025 Plan), unless otherwise provided in the agreement evidencing an award), outstanding Awards may be cancelled and terminated without payment if the consideration payable with respect to one share of Stock in connection with the Change of Control is less than the exercise price or grant price applicable to such Award, as applicable.

Notwithstanding any other provisions of the 2025 Plan to the contrary, the vesting, payment, purchase or distribution of an Award may not be accelerated by reason of a Change of Control for any participant unless the Grantee's employment is involuntarily terminated as a result of the Change of Control as provided in the Award agreement or in any other written agreement, including an employment agreement, between us and the participant. If the Change of Control results in the involuntary termination of participant's employment, outstanding awards will immediately vest, become fully exercisable and may thereafter be exercised.

Generally, under the 2025 Plan, a Change of Control occurs upon (i) the consummation of a reorganization, merger or consolidation of our Company with or into another entity, pursuant to which our stockholders immediately prior to the transaction do not own more than 50% of the total combined voting power after the transaction, (ii) the consummation of the sale, transfer or other disposition of all or substantially all of our assets, (iii) certain changes in the majority of our Board from those in office on the effective date of the 2025 Plan, (iv) the acquisition of more than 50% of the total combined voting power in our outstanding securities by any person, or (v) the Company is dissolved or liquidated.

Types of Awards

Stock Options. Incentive Stock Options and Nonstatutory Stock Options are granted pursuant to award agreements adopted by our Compensation Committee. Our Compensation Committee determines the exercise price for a stock option, within the terms and conditions of the 2025 Plan; provided, that the exercise price of an Incentive Stock Option cannot be less than 100% of the fair market value of our Common Stock on the date of grant. Options granted under the 2025 Plan vest at the rate specified by our Compensation Committee.

The Compensation Committee determines the term of stock options granted under the 2025 Plan, up to a maximum of 10 years, except in the case of certain Incentive Stock Options, as described below. The Compensation Committee will also determine the length of period during which an optionee may exercise their options if an optionee's relationship with us, or any of our affiliates, ceases for any reason; for Incentive Stock Options, this period is limited by applicable law. The Compensation Committee may extend the exercise period in the event that exercise of the option following termination of service is prohibited by applicable securities laws. In no event, however, may an option be exercised beyond the expiration of its term unless the term is extended in accordance with applicable law.

Acceptable consideration for the purchase of Common Stock issued upon the exercise of a stock option will be determined by the Compensation Committee and may include (a) cash or its equivalent, (b) delivering a properly executed notice of exercise of the option to us and a broker, with irrevocable instructions to the broker promptly to deliver to us the amount necessary to pay the exercise price of the option, (c) any other form of legal consideration that may be acceptable to the Compensation Committee or (d) any combination of (a), (b) or (c).

Unless the Compensation Committee provides otherwise, options are generally transferable in accordance with applicable law, provided that any transferee of such options agrees to become bound by the terms of the 2025 Plan. An optionee may also designate a beneficiary who may exercise the option following the optionee's death.

Incentive or Nonstatutory Stock Options. Incentive Stock Options may be granted only to our employees, and the employees of our subsidiary corporations. The Compensation Committee may grant awards of Incentive or Nonstatutory Stock Options that are fully vested on the date made, to any of our employees, directors or consultants. Option Awards are granted pursuant to award agreements adopted by our Compensation Committee. To the extent required by applicable law, the aggregate fair market value, determined at the time of grant, of shares of our Common Stock with respect to Incentive Stock Options that are exercisable for the first time by an optionee during any calendar year may not exceed \$100,000. To the extent required by applicable law, no Incentive Stock Option may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our affiliates unless (a) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and (b) the term of the incentive stock option does not exceed five years from the date of grant.

Stock Appreciation Rights. An SAR is the right to receive stock, cash, or other property equal in value to the difference between the grant price of the SAR and the market price of the Company's Common Stock on the exercise date. SARs may be granted independently or in tandem with an Option at the time of grant of the related Option. An SAR granted in tandem with an Option shall be exercisable only to the extent the underlying Option is exercisable. An SAR confers on the grantee a right to receive an amount with respect to each share of Common Stock subject thereto, upon exercise thereof, equal to the excess of (A) the fair market value of one share of Common Stock on the date of exercise over (B) the grant price of the SAR (which in the case of an SAR granted in tandem with an Option shall be equal to the exercise price of the underlying Option, and which in the case of any other SAR shall be such price as the Compensation Committee may determine but shall in no event be less than the fair market value of a share of Common Stock on the date of grant of such SAR).

Restricted Stock and Restricted Stock Units. Restricted Stock is Common Stock that the Company grants subject to transfer restrictions and vesting criteria. A Restricted Stock Unit is a right to receive stock or cash equal to the value of a share of stock at the end of a specified period that the Company grants subject to transfer restrictions and vesting criteria. The grant of these awards under the 2025 Plan are subject to such terms, conditions and restrictions as the Compensation Committee determines consistent with the terms of the 2025 Plan.

At the time of grant, the Compensation Committee may place restrictions on Restricted Stock and restricted stock units that shall lapse, in whole or in part, only upon the attainment of Performance Goals; provided that such Performance Goals shall relate to periods of performance of at least one fiscal year, and if the award is granted to a 162(m) Officer, the grant of the award and the establishment of the Performance Goals shall be made during the period required under Internal Revenue Code Section 162(m). Except to the extent restricted under the award agreement relating to the Restricted Stock, a grantee granted Restricted Stock shall have all of the rights of a stockholder including the right to vote Restricted Stock and the right to receive dividends.

Unless otherwise provided in an award agreement, upon the vesting of a Restricted Stock Unit, there shall be delivered to the grantee, within 30 days of the date on which such award (or any portion thereof) vests, the number of shares of Common Stock equal to the number of restricted stock units becoming so vested.

Other Stock-Based Awards. The 2025 Plan also allows the Compensation Committee to grant "Other Stock-Based Awards," which means a right or other interest that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Common Stock. Subject to the limitations contained in the 2025 Plan, this includes, without limitation, (i) unrestricted stock awarded as a bonus or upon the attainment of Performance Goals or otherwise as permitted under the 2025 Plan and (ii) a right to acquire stock from the Company containing terms and conditions prescribed by the Compensation Committee. At the time of the grant of Other Stock-Based Awards, the Compensation Committee may place restrictions on the payout or vesting of Other Stock-Based Awards that shall lapse, in whole or in part, only upon the attainment of Performance Goals; provided that such Performance Goals shall relate to periods of performance of at least one fiscal year, and if the award is granted to a 162(m) Officer, the grant of the Award and the establishment of the Performance Goals shall be made during the period required under Internal Revenue Code Section 162(m). Other Stock-Based Awards may not be granted with the right to receive dividend equivalent payments.

Performance Awards. Performance awards provide participants with the opportunity to receive shares of our Common Stock, cash or other property based on performance and other vesting conditions. Performance awards may be granted from time to time as determined at the discretion of the Board, or the Compensation Committee (as applicable). Subject to the share limit and maximum dollar value set forth above under "Limits per Participant," the Board, or the Compensation Committee (as applicable), has the discretion to determine (i) the number of shares of Common Stock under, or the dollar value of, a performance award and (ii) the conditions that must be satisfied for grant or for vesting, which typically will be based principally or solely on achievement of performance goals.

Performance Criteria. With respect to awards intended to qualify as performance-based compensation under Code Section 162(m), a committee of “outside directors” (as defined in Code Section 162(m)) with authority delegated by our Board will determine the terms and conditions of such awards, including the performance criteria. The performance goals for restricted stock awards, restricted stock units, performance awards or other share-based awards shall be based on the attainment of specified levels of one or any combination of the following:

- the attainment of certain target levels of, or a specified percentage increase in, revenues, earnings, income before taxes and extraordinary items, net income, operating income, earnings before or after deduction for all or any portion of income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing;
- the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations;
- the attainment of certain target levels of, or a specified increase in, operational cash flow;
- the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company’s bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Compensation Committee;
- earnings per share or the attainment of a specified percentage increase in earnings per share or earnings per share from continuing operations;
- the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital;
- the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on stockholders’ equity;
- the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula;
- the attainment of certain target levels in, or specified increases in, the fair market value of the shares of the Company’s Common Stock;
- the growth in the value of an investment in the Company’s Common Stock;
- the attainment of a certain level of, reduction of, or other specified objectives with regard to limiting the level in or increase in, all or a portion of controllable expenses or costs or other expenses or costs;
- gross or net sales, revenue and growth of sales revenue (either before or after cost of goods, selling and general administrative expenses, research and development expenses and any other expenses or interest);
- total stockholder return;
- return on assets or net assets;
- return on sales;
- operating profit or net operating profit;
- operating margin;
- gross or net profit margin;
- cost reductions or savings;
- productivity;
- operating efficiency;
- working capital;
- market share;
- customer satisfaction; and
- to the extent that an Award is not intended to comply with Section 162(m) of the Code, other measures of performance selected by the Board.

The performance goals may be based solely by reference to our performance or the performance of one or more of our subsidiaries, parents, divisions, business segments or business units, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The authorized committee of outside directors may also exclude under the terms of the performance awards, the impact of an event or occurrence that the committee determines should appropriately be excluded, including (i) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, or (ii) changes in generally accepted accounting principles or practices.

In connection with the approval of the 2025 Plan, the stockholders also are being asked to approve the above criteria for purposes of Section 162(m) of the Code.

New Plan Benefits under the 2025 Plan

Because future awards under the 2025 Plan will be granted in the discretion of the Compensation Committee, the type, number, recipients, and other terms of such awards cannot be determined at this time.

U.S. Federal Income Tax Considerations

The following is a brief description of the material United States federal income tax consequences associated with awards under the 2025 Plan. It is based on existing United States laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. Tax consequences in other countries may vary. This information is not intended as tax advice to anyone, including participants in the 2025 Plan.

Stock Options. Neither incentive stock option grants nor non-qualified stock option grants cause any tax consequences to the participant or the Company at the time of grant. Upon the exercise of a non-qualified stock option, the excess of the market value of the shares acquired over their exercise price is ordinary income to the participant and is deductible by the Company. The participant's tax basis for the shares is the market value thereof at the time of exercise. Any gain or loss realized upon a subsequent disposition of the stock will generally constitute capital gain, in connection with which the Company will not be entitled to a tax deduction.

Upon the exercise of an incentive stock option, the participant will not realize taxable income, but the excess of the fair market value of the stock over the exercise price may give rise to alternative minimum tax. When the stock acquired upon exercise of an incentive stock option is subsequently sold, the participant will recognize income equal to the difference between the sales price and the exercise price of the option. If the sale occurs after the expiration of two years from the grant date and one year from the exercise date, the income will constitute long-term capital gain. If the sale occurs prior to that time, the participant will recognize ordinary income to the extent of the lesser of the gain realized upon the sale or the difference between the fair market value of the acquired stock at the time of exercise and the exercise price; any additional gain will constitute capital gain. The Company will be entitled to a deduction in an amount equal to the ordinary income recognized by the participant, but no deduction in connection with any capital gain recognized by the participant. If the participant exercises an incentive stock option more than three months after his or her termination of employment due to retirement or other separation other than death or disability, or more than twelve months after his or her termination of employment due to death or permanent disability, he or she is deemed to have exercised a non-qualified stock option.

Stock Appreciation Rights. A participant granted a stock appreciation right under the 2025 Plan will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the stock appreciation right, the amount of cash and the fair market value of any shares of stock or other consideration received will be ordinary income to the participant and the Company will be allowed a corresponding federal income tax deduction at that time. Compensation realized by the participant on the exercise of the stock appreciation right should qualify as performance-based compensation under the Code and thus not be subject to the \$1,000,000 deductibility limit of Code Section 162(m).

Restricted Stock. Restricted stock is not taxable to a participant at the time of grant, but instead is included in ordinary income (at its then fair market value) when the restrictions lapse. A participant may elect, however, to recognize income at the time of grant, in which case the fair market value of the restricted shares at the time of grant is included in ordinary income and there is no further income recognition when the restrictions lapse. If a participant makes such an election and thereafter forfeits the restricted shares, he or she will be entitled to no tax deduction, capital loss or other tax benefit. The Company is entitled to a tax deduction in an amount equal to the ordinary income recognized by the participant, subject to any applicable limitations under Code Section 162(m).

A participant's tax basis for restricted shares will be equal to the amount of ordinary income recognized by the participant. The participant will recognize capital gain (or loss) on a sale of the restricted stock if the sale price exceeds (or is lower than) such basis. The holding period for restricted shares for purposes of characterizing gain or loss on the sale of any shares as long- or short-term commences at the time the participant recognizes ordinary income pursuant to an award. The Company is not entitled to a tax deduction corresponding to any capital gain or loss of the participant.

Restricted Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock unit award is granted. Upon receipt of shares of stock (or the equivalent value in cash or any combination of cash and the Company's Common Stock) in settlement of a restricted stock unit award, a participant will recognize ordinary income equal to the fair market value of the stock and cash received as of that date (less any amount he or she paid for the stock and cash), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Performance Awards. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a performance award is granted (for example, when the performance goals are established). Upon receipt of stock or cash (or a combination thereof) in settlement of a performance award, the participant will recognize ordinary income equal to the fair market value of the stock and cash received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Code Section 409A. If an award is subject to Code Section 409A (which relates to nonqualified deferred compensation plans), and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described, and could result in the imposition of additional taxes and penalties. All awards that comply with the terms of the 2025 Plan, however, are intended to be exempt from the application of Code Section 409A or meet the requirements of Section 409A in order to avoid such early taxation and penalties.

Tax Withholding. The Company has the right to deduct or withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state and local taxes (including employment taxes) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the 2025 Plan. The Compensation Committee may, at the time the award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by delivery of, or withholding from the award, shares having a fair market value on the date of withholding equal to the amount required to be withheld for tax purposes.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to approve the 2025 Stock Incentive Plan.

Our Recommendation

The Board unanimously recommends that the stockholders vote “FOR” approval of the 2025 Stock Incentive Plan.

PROPOSAL 5: APPROVAL OF EQUITY ISSUANCES TO DIRECTORS AND EXECUTIVE OFFICERS

Terms of the Issuances

On November 13, 2025, the Board determined to grant to each independent director options to purchase 60,000 shares of Common Stock at an exercise price of \$2.36 per share for a term of ten (10) years from the date of the option grant to be issued to the independent directors. Fifty percent (50%) of these options shall vest on the date that Company obtains the approval therefor by its stockholders and the remaining 50% of which shall vest monthly beginning each month thereafter for two years, and will be exercisable upon receipt of approval by the Company's stockholders.

On November 13, 2025, the Board determined to grant to each non-independent director options to purchase shares of Common Stock, with Messrs. Jackman, Ault and Nisser receiving options to purchase 450,000, 100,000 and 60,000 shares of Common Stock, respectively, at an exercise price of \$2.36 per share for a term of ten (10) years from the date of the option grant to be issued to the independent directors. Fifty percent (50%) of these options shall vest on the date that Company obtains the approval therefor by its stockholders and the remaining 50% of which shall vest monthly beginning each month thereafter for two years, and will be exercisable upon receipt of approval by the Company's stockholders.

On November 13, 2025, the Board determined to grant to David J. Katzoff, the Company's Chief Financial Officer, options to purchase 300,000 shares of Common Stock at an exercise price of \$2.36 per share for a term of ten (10) years from the date of the option grant to be issued to the independent directors. Fifty percent (50%) of these options shall vest on the date that Company obtains the approval therefor by its stockholders and the remaining 50% of which shall vest monthly beginning each month thereafter for two years, and will be exercisable upon receipt of approval by the Company's stockholders.

All the foregoing issuances are at times collectively referred to herein as the "**Equity Issuance**" and the recipients thereof are at times collectively referred to herein as the "**Option Recipients**."

Reasons for the Proposed Equity Issuance

In general, the Company does not believe that it is uncommon for boards of directors of issuers to grant an issuer's executive officers and members of its Board equity awards of one form or another; in fact, the Company would argue that it is a widespread practice and serves to motivate these individuals to perform at their highest ability and aligns their interests with those of the Company and therefore, by extension, the Company's stockholders.

More specifically, the Board believes that the Equity Issuance is in the best interests of the Company and its stockholders, as it provides incentives to retain and motivate the Option Recipients without incurring the stock dilution that would result from stock awards or additional cash expenditures that would result from additional cash compensation. Additionally, the Board continues to believe in value creation rather than value transfer and views the Equity Issuance as consistent with its approach of orienting long-term incentives toward stock options as the primary tool to minimize incremental dilution for stockholders, facilitate employee and director retention as the Company pursues its business strategies, restore the retention value of the Equity Issuance, and provide the Option Recipients with a more realistic incentive to drive stockholder value creation, thereby supporting the Company's continued focus on stock price recovery and growth.

The Board determined to issue the above-referenced equity awards for an additional reason that is not applicable to all other issuers. The Company has issued options to purchase Common Stock to the Option Recipients in the past (in connection with the Company's initial public offering in 2021 or earlier), but these individuals have never obtained the benefit of these option grants as a result of the Company's declining stock price.

If this Proposal No. 5 is not approved by our stockholders, then we will not implement the Equity Issuance. However, we may need to consider alternative compensation structures, including the payment of cash retention bonuses, to achieve the objectives for which the Equity Issuance was designed.

Determination to Pursue the Equity Issuance

Our compensation program is designed to align with the interests of our stockholders by reflecting a pay-for-performance philosophy that supports our business strategy. A core principle of this program is our commitment to long-term equity incentive compensation, which ensures that the Option Recipients all participate in the Company's long-term value creation alongside our stockholders. We have historically granted stock options under our stock incentive plans consistent with the view that stock-based incentive compensation opportunities play a significant role in our ability to attract, motivate and retain qualified individuals who we believe best represent the Company's values and can make meaningful contributions towards achieving its business objectives. While the Company's compensation packages generally include a number of different components, we believe that long-term equity compensation provides the Option Recipients with a strong link to our long-term performance and helps create an ownership culture by encouraging them to work toward our success, aligning their interests with those of our stockholders, and rewarding efforts that drive sustained increases in stockholder value. Given the intense competition for experienced and talented individuals with critical and high demand skills in our industry, stock options remain an important part of our incentive compensation.

In considering whether to implement the Equity Issuance, the Board determined that adverse changes in the market price of our Common Stock since the dates that the prior grants were made could materially interfere with our efforts to retain the services of the Option Recipients. In recent years, the stock market in general, and the market for early and clinical stage biotechnology companies, has experienced extreme price and volume fluctuations, often unrelated or disproportionate to changes in the operating performance of the affected companies. Since June 16, 2021, the date of the Company's initial public offering, the closing market price of the Common Stock has experienced material fluctuations and declined from a high of approximately \$13,972 on June 16, 2021 to approximately \$____ on the Record Date. As a result, the Option Recipients now hold options with exercise prices meaningfully above the recent trading range of the Common Stock (often referred to as "underwater" or "out-of-the-money"), rendering the options a less effective means of incentivizing and retaining such holders.

Why the Company Needs Stockholder Approval

Rule 5635(c) of the Nasdaq requires stockholder approval with respect to the establishment of (or material amendment to) a stock option or purchase plan or other equity compensation arrangement pursuant to which options or stock may be acquired by executive officers and directors of the Company.

Effect of Proposal on Current Stockholders

If this Proposal No. 5 is adopted, a maximum of 1,210,000 shares of Common Stock would be issuable. Based on the number of shares of Common Stock outstanding as of the Record Date, such shares would represent ____% of our total outstanding shares (giving effect to such issuance). The issuance of such shares may result in significant dilution to our stockholders, and afford them a smaller percentage interest in the voting power, liquidation value and aggregate book value of the Company. The sale or any resale of the Common Stock issued could cause the market price of our Common Stock to decline.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to approve the equity issuances to officers and directors.

Our Recommendation

The Board unanimously recommends that the stockholders vote "FOR" approval of the equity issuances to officers and directors.

PROPOSAL 6: APPROVAL OF THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF COMMON STOCK

Our Board has adopted resolutions (1) declaring that submitting an amendment to the Company's Certificate to effect a reverse stock split, as described below, was advisable and (2) directing that a proposal to approve the reverse stock split be submitted to the holders of our Common Stock for their approval.

If approved by our stockholders, the Reverse Stock Split proposal would permit (but not require) our Board to effect a reverse stock split of our Common Stock at any time prior to April 16, 2027 by a ratio of not less than one-for-two and not more than one-for-ten, with the exact ratio to be set at a whole number within this range as determined by our Board in its sole discretion. We believe that enabling our Board to set the ratio within the stated range will provide us with the flexibility to implement the reverse stock split (the "**Reverse Stock Split**") in a manner designed to maximize the anticipated benefits for our stockholders. In determining a ratio, if any, following the receipt of stockholder approval, our Board may consider, among other things, factors such as:

- The continued listing requirements of the Nasdaq Capital Market;
- the historical trading price and trading volume of our Common Stock;
- the number of shares of our Common Stock outstanding;
- the then-prevailing trading price and trading volume of our Common Stock and the anticipated impact of the Reverse Stock Split on the trading market for our Common Stock;
- the anticipated impact of a particular ratio on our ability to reduce administrative and transactional costs; and
- prevailing general market and economic conditions.

Our Board reserves the right to elect to abandon the Reverse Stock Split, including any or all proposed reverse stock split ratios, if it determines, in its sole discretion, that the Reverse Stock Split is no longer in the best interests of the Company and its stockholders.

Depending on the ratio for the Reverse Stock Split determined by our Board, no less than one and no more than ten shares of existing Common Stock, as determined by our Board, will be combined into one share of Common Stock. The amendment to our Certificate to effect a reverse stock split, if any, will include only the reverse split ratio determined by our Board to be in the best interests of our stockholders and all of the other proposed amendments at different ratios will be abandoned.

To avoid the existence of fractional shares of our Common Stock, the Company will pay cash in lieu of fractional shares as described below.

Background and Reasons for the Reverse Stock Split; Potential Consequences of the Reverse Stock Split

Our Board is submitting the Reverse Stock Split to our stockholders for approval with the primary intent of increasing the market price of our Common Stock to enhance our ability to meet the continued listing requirements of the Nasdaq Capital Market and to make our Common Stock more attractive to a broader range of institutional and other investors. In addition to increasing the market price of our Common Stock, the Reverse Stock Split would also reduce certain of our costs, as discussed below. Accordingly, for these and other reasons discussed below, we believe that effecting the Reverse Stock Split is in the Company's and our stockholders' best interests.

We believe that the Reverse Stock Split will enhance our ability to maintain our listing on the Nasdaq Capital Market. Reducing the number of outstanding shares of our Common Stock should, absent other factors, increase the per share market price of our Common Stock, although we cannot provide any assurance that the price of our Common Stock would, whether immediately or over the longer term, reflect the proportionate ratio of any Reverse Stock Split we may effectuate.

Additionally, we believe that the Reverse Stock Split will make our Common Stock more attractive to a broader range of institutional and other investors, as we have been advised that the current market price of our Common Stock may affect its acceptability to certain institutional investors, professional investors and other members of the investing public. Many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. In addition, some of those policies and practices may make the processing of trades in low-priced stocks economically unattractive to brokers. Moreover, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of Common Stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. We believe that the Reverse Stock Split will make our Common Stock a more attractive and cost effective investment for many investors, which would enhance the liquidity of the holders of our Common Stock.

Reducing the number of outstanding shares of our Common Stock through the Reverse Stock Split is intended, absent other factors, to increase the per share market price of our Common Stock. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our Common Stock. As a result, there can be no assurance that the Reverse Stock Split, if completed, will result in the intended benefits described above, that the market price of our Common Stock will increase following the Reverse Stock Split or that the market price of our Common Stock will not decrease in the future. Additionally, we cannot assure you that the market price per share of our Common Stock after a Reverse Stock Split will increase in proportion to the reduction in the number of shares of our Common Stock outstanding before the Reverse Stock Split. Accordingly, the total market capitalization of our Common Stock after the Reverse Stock Split may be lower than the total market capitalization before the Reverse Stock Split.

No Going Private Transaction

Notwithstanding the decrease in the number of outstanding shares of Common Stock following the proposed Reverse Split, our Board does not intend for this transaction to be the first step in a “going private transaction” within the meaning of Rule 13e-3 under the Exchange Act.

Procedure for Implementing the Reverse Stock Split

The Reverse Stock Split, if approved by our stockholders, would become effective upon the filing (the “*Effective Time*”) of a certificate of amendment to the Company’s Certificate with the Secretary of State of the State of Delaware. The exact timing of the filing of the certificate of amendment that will effectuate the Reverse Stock Split will be determined by our Board based on its evaluation as to when such action will be the most advantageous to the Company and our stockholders. In addition, our Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split if, at any time prior to filing the amendment to the Certificate, our Board, in its sole discretion, determines that it is no longer in our best interest and the best interests of our stockholders to proceed with the Reverse Stock Split. If a certificate of amendment effectuating the Reverse Stock Split has not been filed with the Secretary of State of the State of Delaware by the close of business on April 16, 2027, our Board will have abandoned the Reverse Stock Split.

Effect of the Reverse Stock Split on Holders of Outstanding Common Stock

Depending on the ratio for the Reverse Stock Split determined by our Board, a minimum of two and a maximum of ten shares of existing Common Stock will be combined into one new share of Common Stock. The table below shows, as of the Record Date, the number of outstanding shares of Common Stock (excluding Treasury shares) that would result from the listed hypothetical reverse stock split ratios (without giving effect to the treatment of fractional shares):

Reverse Stock Split Ratio	Approximate Number of Outstanding Shares of Common Stock Following the Reverse Stock Split
1-for-2	
1-for-4	
1-for-6	
1-for-8	
1-for-10	

The actual number of shares issued after giving effect to the Reverse Stock Split, if implemented, will depend on the reverse stock split ratio that is ultimately determined by our Board.

The Reverse Stock Split will affect all holders of our Common Stock uniformly and will not affect any stockholder’s percentage ownership interest in the Company, except that as described below in “Fractional Shares,” stockholders of Common Stock otherwise entitled to a fractional share as a result of the Reverse Stock Split will receive cash in lieu of fractional shares. In addition, the Reverse Stock Split will not affect any stockholder’s proportionate voting power (subject to the treatment of fractional shares).

The Reverse Stock Split may result in some stockholders owning “odd lots” of fewer than 100 shares of Common Stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in “round lots” of even multiples of 100 shares.

After the Effective Time, our Common Stock will have a new Committee on Uniform Securities Identification Procedures (CUSIP) number, which is a number used to identify our equity securities, and stock certificates with the older CUSIP numbers will need to be exchanged for stock certificates with the new CUSIP numbers by following the procedures described below. After the Reverse Stock Split, we will continue to be subject to the periodic reporting and other requirements of the Exchange Act. Our Common Stock will continue to be listed on the Nasdaq Capital Market under the symbol “ALZN.”

Beneficial Holders of Common Stock (i.e., stockholders who hold in street name)

Upon the implementation of the Reverse Stock Split, we intend to treat shares held by stockholders through a bank, broker, custodian or other nominee in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers, custodians or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding our Common Stock in street name. However, these banks, brokers, custodians or other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split. Stockholders who hold shares of our Common Stock with a bank, broker, custodian or other nominee and who have any questions in this regard are encouraged to contact their banks, brokers, custodians or other nominees.

Registered “Book-Entry” Holders of Common Stock (i.e., stockholders whose names are registered on the transfer agent’s books and records but do not hold stock certificates)

Certain of our registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with the transfer agent. These stockholders do not have stock certificates evidencing their ownership of the Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

Stockholders who hold shares electronically in book-entry form with the transfer agent will not need to take action (the exchange will be automatic) to receive whole shares of post-Reverse Stock Split Common Stock, subject to adjustment for treatment of fractional shares.

Holders of Certificated Shares of Common Stock

Stockholders holding shares of our Common Stock in certificated form will be sent a transmittal letter by Computershare, acting as the exchange agent (the “Exchange Agent”) after the Effective Time. The letter of transmittal will contain instructions on how a stockholder should surrender his, her or its certificate(s) representing shares of our Common Stock (the “Old Certificates”) to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-Reverse Stock Split Common Stock (the “New Certificates”).

No new post-Reverse Split Common Stock will be issued to a stockholder until such stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the Exchange Agent. No stockholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates. Stockholders will then receive a Direct Registration Statement representing the number of whole shares of Common Stock that they are entitled as a result of the Reverse Stock Split, subject to the treatment of fractional shares described below. Until surrendered, we will deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-Reverse Stock Split Common Stock to which these stockholders are entitled, subject to the treatment of fractional shares. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for post-Reverse Split Common Stock. If an Old Certificate has a restrictive legend on the back of the Old Certificate(s), a New Certificate will be issued with the same restrictive legends that are on the back of the Old Certificate(s).

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Fractional Shares

We will not issue fractional shares in connection with the Reverse Stock Split. Stockholders who would otherwise hold fractional shares because the number of shares of Common Stock they hold before the Reverse Stock Split is not evenly divisible by the split ratio ultimately determined by the Board will be entitled to receive a cash payment (without interest and subject to applicable withholding taxes) from our Exchange Agent in lieu of such fractional shares. The cash payment is subject to applicable U.S. federal and state income tax and state abandoned property laws. Stockholders will not be entitled to receive interest for the period of time between the Effective Time and the date payment is received.

We currently anticipate that, in lieu of issuing fractional shares, the aggregate of all fractional shares otherwise issuable to the holders of record of Common Stock shall be issued to the Exchange Agent for the Common Stock, as agent, for the accounts of all holders of record of Common Stock otherwise entitled to have a fraction of a share issued to them. The sale of all fractional interests will be effected by the Exchange Agent as soon as practicable after the Effective Time on the basis of prevailing market prices of the Common Stock at the time of sale. After such sale and upon the surrender of the stockholders' stock certificates, if any, the Exchange Agent will pay to such holders of record their pro rata share of the net proceeds (after customary brokerage commissions and other expenses) derived from the sale of the fractional interests.

After the Reverse Stock Split, a stockholder will have no further interest in the Company with respect to its fractional share interest, and persons otherwise entitled to a fractional share will not have any voting, dividend or other rights with respect thereto except the right to receive a cash payment as described above.

Effect of the Reverse Stock Split on Employee Plans, Options, Restricted Stock Awards, Warrants and Convertible or Exchangeable Securities

Based upon the reverse stock split ratio determined by the board of directors, proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of all outstanding options, warrants, convertible or exchangeable securities entitling the holders to purchase, exchange for, or convert into, shares of Common Stock. This would result in approximately the same aggregate price being required to be paid under such options, warrants, convertible or exchangeable securities upon exercise, and approximately the same value of shares of Common Stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Stock Split as was the case immediately preceding the Reverse Stock Split. The number of shares deliverable upon settlement or vesting of restricted stock awards will be similarly adjusted, subject to our treatment of fractional shares. The number of shares reserved for issuance pursuant to these securities will be proportionately based upon the reverse stock split ratio determined by the board of directors, subject to our treatment of fractional shares.

Accounting Matters

The proposed amendment to the Company's Certificate will not affect the par value of our Common Stock per share, which will remain \$0.0001. As a result, as of the Effective Time, the stated capital attributable to Common Stock and the additional paid-in capital account on our balance sheet will not change due to the Reverse Stock Split. Reported per share net income or loss will be higher because there will be fewer shares of Common Stock outstanding.

Certain Federal Income Tax Consequences of the Reverse Stock Split

The following summary describes certain material U.S. federal income tax consequences of the Reverse Stock Split to holders of our Common Stock.

Unless otherwise specifically indicated herein, this summary addresses the tax consequences only to a beneficial owner of our Common Stock that is a citizen or individual resident of the United States, a corporation organized in or under the laws of the United States or any state thereof or the District of Columbia or otherwise subject to U.S. federal income taxation on a net income basis in respect of our Common Stock (a "*U.S. holder*"). A trust may also be a U.S. holder if (1) a U.S. court is able to exercise primary supervision over administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person. An estate whose income is subject to U.S. federal income taxation regardless of its source may also be a U.S. holder. This summary does not address all of the tax consequences that may be relevant to any particular investor, including tax considerations that arise from rules of general application to all taxpayers or to certain classes of taxpayers or that are generally assumed to be known by investors. This summary also does not address the tax consequences to (i) persons that may be subject to special treatment under U.S. federal income tax law, such as banks, insurance companies, thrift institutions, regulated investment companies, real estate investment trusts, tax-exempt organizations, U.S. expatriates, persons subject to the alternative minimum tax, traders in securities that elect to mark to market and dealers in securities or currencies, (ii) persons that hold our Common Stock as part of a position in a "straddle" or as part of a "hedging," "conversion" or other integrated investment transaction for federal income tax purposes, or (iii) persons that do not hold our Common Stock as "capital assets" (generally, property held for investment).

If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of our Common Stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. Partnerships that hold our Common Stock, and partners in such partnerships, should consult their own tax advisors regarding the U.S. federal income tax consequences of the Reverse Stock Split.

This summary is based on the provisions of the Internal Revenue Code of 1986, as amended, U.S. Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this Proxy Statement. Subsequent developments in U.S. federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the U.S. federal income tax consequences of the Reverse Stock Split.

PLEASE CONSULT YOUR OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT IN YOUR PARTICULAR CIRCUMSTANCES UNDER THE INTERNAL REVENUE CODE AND THE LAWS OF ANY OTHER TAXING JURISDICTION.

U.S. Holders

The Reverse Stock Split should be treated as a recapitalization for U.S. federal income tax purposes. Therefore, a stockholder generally will not recognize gain or loss on the reverse stock split, except to the extent of cash, if any, received in lieu of a fractional share interest in the post-reverse stock split shares. The aggregate tax basis of the post-split shares received will be equal to the aggregate tax basis of the pre-split shares exchanged therefore (excluding any portion of the holder's basis allocated to fractional shares), and the holding period of the post-split shares received will include the holding period of the pre-split shares exchanged. A holder of the pre-split shares who receives cash will generally recognize gain or loss equal to the difference between the portion of the tax basis of the pre-split shares allocated to the fractional share interest and the cash received. Such gain or loss will be a capital gain or loss and will be short term if the pre-split shares were held for one year or less and long term if held more than one year. No gain or loss will be recognized by us as a result of the reverse stock split.

No Appraisal Rights

Under Delaware law and our charter documents, holders of our Common Stock will not be entitled to dissenter's rights or appraisal rights with respect to the Reverse Stock Split.

Vote Required

Under Delaware law, the affirmative vote from the holders of a majority of the votes cast on the matter at the Annual Meeting will be required to approve the Reverse Stock Split.

Our Recommendation

The Board unanimously recommends that stockholders vote "FOR" the amendment to the Certificate to authorize the Reverse Stock Split.

PROPOSAL 7: APPROVAL OF THE ADJOURNMENT OF THE ANNUAL MEETING

Overview

The Proposal to adjourn the Annual Meeting (the “**Adjournment Proposal**”) allows the Board to submit a proposal to adjourn the Annual Meeting to a later date or dates, if necessary, to permit further solicitation of proxies in the event, based on the tabulated votes, there are not sufficient votes at the time of the Annual Meeting to approve any of the proposals.

If stockholders approve the Adjournment Proposal, we could adjourn the Annual Meeting and any subsequent, adjourned meeting of stockholders and use the additional time to solicit required proxies, including proxies from stockholders who previously may have returned properly executed proxies voting against any of the proposals adjourned. In no event will we solicit proxies to adjourn the Annual Meeting beyond the date by which it may properly do so under Delaware law.

If the Adjournment Proposal is presented at the Annual Meeting and such proposal is not approved by stockholders, the Board may not be able to adjourn the Annual Meeting to a later date in the event, based on the tabulated votes, there are not sufficient votes at the time of the Annual Meeting to approve one or more of the proposals.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to approve the Adjournment Proposal.

Our Recommendation

The Board unanimously recommends that stockholders vote “FOR” the Adjournment Proposal.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing disclosure regarding the ratio of annual total compensation of Mr. Jackman, our Chief Executive Officer, to that of our median employee. Our median employee earned \$130,000 in total compensation for our fiscal year ended April 30, 2025. Based upon the total fiscal year 2025 compensation reported for Mr. Jackman of \$468,288 as reported under “Total” in the Summary Compensation Table, our ratio of PEO to median employee pay was 3.6:1.

Calculation Methodology

To identify our median employee, we identified our total employee population worldwide as of April 30, 2025, excluding our Chief Executive Officer, in accordance with SEC rules. On April 30, 2025, all of our employee population was located in the U.S.

We collected full-year fiscal year 2025 actual gross earnings data for the April 30, 2025 employee population, including cash-based compensation and equity-based compensation that was realized in fiscal year 2025, relying on our internal payroll records. Compensation was annualized on a straight-line basis for non-temporary new hire employees who did not work with our company for the full calendar year.

Once we determined the median employee, we calculated total compensation for the median employee in the same manner in which we determine the compensation shown for our named executive officers in the Summary Compensation Table, in accordance with SEC rules.

Policies on Ownership, Insider Trading, 10b5-1 Plans and Hedging

We do not have formal stock ownership guidelines for our employees or directors, because the Board is satisfied that stock and option holdings among our employees or directors are sufficient at this time to provide motivation and to align this group's interests with those of our stockholders.

We have established an insider trading policy that provides guidelines to, and imposes restrictions on, officers, directors and employees with respect to transactions in our securities. Our insider trading policy prohibits certain actions by such individuals relating to buying and selling our Common Stock, and discourages certain other actions in other situations. Such individuals are authorized to enter into trading plans established according to Section 10b5-1 of the Exchange Act with an independent broker-dealer. Under these plans, the individual must not exercise any influence over the amount of the securities to be traded, the price at which they are to be traded or the date of the trade. The plan must either specify the amount, pricing and timing of transactions in advance or delegate discretion on these matters to an independent third party. Such plans provide a defense from insider trading liability.

We have not adopted any hedging policies.

Incentive Compensation Plans

2016 Stock Incentive Plan

In April 2016, our stockholders approved our company's 2016 Stock Incentive Plan (the "2016 Plan"). The 2016 Plan provides for the issuance of a maximum of 9,259 shares of our common stock to be offered to our directors, officers, employees and consultants. On March 1, 2019, our stockholders approved an additional 5,556 shares to be available for issuance under the 2016 Plan. Options granted under the 2016 Plan have an exercise price equal to or greater than the fair value of the underlying common stock at the date of grant and become exercisable based on a vesting schedule determined at the date of grant. The options expire between five and 10 years from the date of grant. Restricted stock awards granted under the 2016 Plan are subject to a vesting period determined at the date of grant.

2021 Stock Incentive Plan

In February 2021, our Board adopted, and our stockholders approved, the Alzamend Neuro, Inc. 2021 Stock Incentive Plan (the "2021 Plan"). The 2021 Plan authorizes the grant to eligible individuals of (1) stock options (incentive and non-statutory), (2) restricted stock, (3) stock appreciation rights, or SARs, (4) restricted stock units, and (5) other stock-based compensation.

Stock Subject to the 2021 Plan. The maximum number of shares of our common stock that may be issued under the 2021 Plan is 7,407 shares, which number will be increased to the extent that compensation granted under the 2021 Plan is forfeited, expires or is settled for cash (except as otherwise provided in the 2021 Plan). Substitute awards (awards made or shares issued by us in assumption of, or in substitution or exchange for, awards previously granted, or the right or obligation to make future awards, in each case by a company that we acquire or any subsidiary of ours or with which we or any subsidiary combines) will not reduce the shares authorized for grant under the 2021 Plan, nor will shares subject to a substitute award be added to the shares available for issuance or transfer under the 2021 Plan.

No Liberal Share Recycling. Notwithstanding anything to the contrary, any and all stock that is (i) withheld or tendered in payment of an option exercise price; (ii) withheld by us or tendered by the grantee to satisfy any tax withholding obligation with respect to any award; (iii) covered by a SAR that it is settled in stock, without regard to the number of shares of stock that are actually issued to the grantee upon exercise; or (iv) reacquired by us on the open market or otherwise using cash proceeds from the exercise of options, will not be added to the maximum number of shares of stock that may be issued under the 2021 Plan.

Eligibility. Employees of, and consultants to, our company or our affiliates and members of our Board are eligible to receive equity awards under the 2021 Plan. Only our employees, and employees of our parent and subsidiary corporations, if any, are eligible to receive incentive stock options. Employees, directors (including non-employee directors) and consultants of or for our company and our affiliates are eligible to receive non-statutory stock options, restricted stock, purchase rights and any other form of award the 2021 Plan authorizes.

Purpose. The purpose of the 2021 Plan is to promote the interests of our company and our stockholders by providing executive officers, employees, non-employee directors, and key advisors of our company and our subsidiaries with appropriate incentives and rewards to encourage them to enter into and remain in their positions with us and to acquire a proprietary interest in our long-term success, as well as to reward the performance of these individuals in fulfilling their personal responsibilities for long-range and annual achievements.

Administration. Unless otherwise determined by the Board, the Compensation Committee administers the 2021 Plan. The Compensation Committee is composed solely of “non-employee directors” within the meaning of Rule 16b-3 under the Exchange Act, “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code, and “independent directors” within the meaning of the Nasdaq Marketplace Rules. The Compensation Committee has the power, in its discretion, to grant awards under the 2021 Plan, to select the individuals to whom awards are granted, to determine the terms of the grants, to interpret the provisions of the 2021 Plan and to otherwise administer the 2021 Plan. Except as prohibited by applicable law or any rule promulgated by a national securities exchange to which our company may in the future be subject, the Compensation Committee may delegate all or any of its responsibilities and powers under the 2021 Plan to one or more of its members, including, without limitation, the power to designate participants and determine the amount, timing and term of awards under the 2021 Plan. In no event, however, will the Compensation Committee have the power to accelerate the payment or vesting of any award, other than in the event of death, disability, retirement or a change of control of our company.

The 2021 Plan provides that members of the Compensation Committee will be indemnified and held harmless by us from any loss or expense resulting from claims and litigation arising from actions related to the 2021 Plan.

Term. The 2021 Plan was effective as of February 17, 2021, and awards may be granted through February 16, 2031. No awards may be granted under the 2021 Plan subsequent to that date. The Board may suspend or terminate the 2021 Plan without stockholder approval or ratification at any time or from time to time.

Amendments. Subject to the terms of the 2021 Plan, the Compensation Committee, as administrator, has the sole discretion to interpret the provisions of the 2021 Plan and outstanding awards. Our Board generally may amend or terminate the 2021 Plan at any time and for any reason, except that no amendment, suspension or termination may impair the rights of any participant without his or her consent, and except that approval of our stockholders is required for any amendment which, among provisions, increases the number of shares of common stock subject to the 2021 Plan, decreases the price at which grants may be granted and reprices existing options.

Repricing Prohibition. Other than in connection with certain corporate events, the Compensation Committee will not, without the approval of our stockholders, (a) lower the option price per share of an option or SAR after it is granted, (b) cancel an option or SAR when the exercise price per share exceeds the fair market value of one share in exchange for cash or another award (other than in connection with a change of control), or (c) take any other action with respect to an option or SAR that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which our shares are then listed.

Minimum Vesting Requirement. Grantees of full-value awards (i.e., awards other than options and SARs), will be required to continue to provide services to us or an affiliated company for not less than one-year following the date of grant in order for any such full-value awards to fully or partially vest (other than in case of death, disability or a Change of Control). Notwithstanding the foregoing, up to 5% of the available shares of stock authorized for issuance under the 2021 Plan may provide for vesting of full-value awards, partially or in full, in less than one year.

Adjustments upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in our corporate structure affecting our common stock or the value thereof, appropriate adjustments to the 2021 Plan and awards will be made as the Board determines to be equitable or appropriate, including adjustments in the number and class of shares of stock available for issuance under the 2021 Plan, the number, class and exercise or grant price of shares subject to awards outstanding under the 2021 Plan, and the limits on the number of awards that any person may receive.

Change of Control. Agreements evidencing awards under the 2021 Plan may provide that upon a Change of Control (as defined in the 2021 Plan), unless otherwise provided in the agreement evidencing an award), outstanding awards may be cancelled and terminated without payment if the consideration payable with respect to one share of stock in connection with the Change of Control is less than the exercise price or grant price applicable to such award, as applicable.

Notwithstanding any other provisions of the 2021 Plan to the contrary, the vesting, payment, purchase or distribution of an award may not be accelerated by reason of a Change of Control for any participant unless the Grantee's employment is involuntarily terminated as a result of the Change of Control as provided in the Award agreement or in any other written agreement, including an employment agreement, between us and the participant. If the Change of Control results in the involuntary termination of participant's employment, outstanding awards will immediately vest, become fully exercisable and may thereafter be exercised.

Generally, under the 2021 Plan, a Change of Control occurs upon (i) the consummation of a reorganization, merger or consolidation of our company with or into another entity, pursuant to which our stockholders immediately prior to the transaction do not own more than 50% of the total combined voting power after the transaction, (ii) the consummation of the sale, transfer or other disposition of all or substantially all of our assets, (iii) certain changes in the majority of our Board from those in office on the effective date of the 2021 Plan, (iv) the acquisition of more than 50% of the total combined voting power in our outstanding securities by any person, or (v) we are dissolved or liquidated.

Types of Awards

Stock Options. Incentive stock options and non-statutory stock options are granted pursuant to award agreements adopted by our Compensation Committee. Our Compensation Committee determines the exercise price for a stock option, within the terms and conditions of the 2021 Plan; provided, that the exercise price of an incentive stock option cannot be less than 100% of the fair market value of our common stock on the date of grant. Options granted under the 2021 Plan vest at the rate specified by our Compensation Committee.

The Compensation Committee determines the term of stock options granted under the 2021 Plan, up to a maximum of 10 years, except in the case of certain Incentive Stock Options, as described below. The Compensation Committee will also determine the length of period during which an optionee may exercise their options if an optionee's relationship with us, or any of our affiliates, ceases for any reason; for incentive stock options, this period is limited by applicable law. The Compensation Committee may extend the exercise period in the event that exercise of the option following termination of service is prohibited by applicable securities laws. In no event, however, may an option be exercised beyond the expiration of its term unless the term is extended in accordance with applicable law.

Acceptable consideration for the purchase of common stock issued upon the exercise of a stock option will be determined by the Compensation Committee and may include (a) cash or its equivalent, (b) delivering a properly executed notice of exercise of the option to us and a broker, with irrevocable instructions to the broker promptly to deliver to us the amount necessary to pay the exercise price of the option, (c) any other form of legal consideration that may be acceptable to the Compensation Committee or (d) any combination of (a), (b) or (c).

Unless the Compensation Committee provides otherwise, options are generally transferable in accordance with applicable law, provided that any transferee of such options agrees to become bound by the terms of the 2021 Plan. An optionee may also designate a beneficiary who may exercise the option following the optionee's death.

Incentive or Non-statutory Stock Options. Incentive stock options may be granted only to our employees, and the employees of our parent or subsidiary corporations, if any. The Compensation Committee may grant awards of incentive or non-statutory stock options that are fully vested on the date made, to any of our employees, directors or consultants. Option awards are granted pursuant to award agreements adopted by our Compensation Committee. To the extent required by applicable law, the aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to incentive stock options that are exercisable for the first time by an optionee during any calendar year may not exceed \$100,000. To the extent required by applicable law, no incentive stock option may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our affiliates unless (a) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and (b) the term of the incentive stock option does not exceed five years from the date of grant.

Stock Appreciation Rights. An SAR is the right to receive stock, cash, or other property equal in value to the difference between the grant price of the SAR and the market price of our common stock on the exercise date. SARs may be granted independently or in tandem with an option at the time of grant of the related option. An SAR granted in tandem with an option will be exercisable only to the extent the underlying option is exercisable. An SAR confers on the grantee a right to receive an amount with respect to each share of common stock subject thereto, upon exercise thereof, equal to the excess of (A) the fair market value of one share of common stock on the date of exercise over (B) the grant price of the SAR (which in the case of an SAR granted in tandem with an option will be equal to the exercise price of the underlying option, and which in the case of any other SAR will be such price as the Compensation Committee may determine but in no event will be less than the fair market value of a share of common stock on the date of grant of such SAR).

Restricted Stock and Restricted Stock Units. Restricted stock is common stock that we grant subject to transfer restrictions and vesting criteria. A restricted stock unit is a right to receive stock or cash equal to the value of a share of stock at the end of a specified period that we grant subject to transfer restrictions and vesting criteria. The grant of these awards under the 2021 Plan are subject to such terms, conditions and restrictions as the Compensation Committee determines consistent with the terms of the 2021 Plan.

At the time of grant, the Compensation Committee may place restrictions on restricted stock and restricted stock units that will lapse, in whole or in part, only upon the attainment of performance goals; provided that such performance goals will relate to periods of performance of at least one fiscal year, and if the award is granted to a 162(m) officer, the grant of the award and the establishment of the performance goals will be made during the period required under Internal Revenue Code Section 162(m). Except to the extent restricted under the award agreement relating to the restricted stock, a grantee granted restricted stock will have all of the rights of a stockholder, including the right to vote restricted stock and the right to receive dividends.

Unless otherwise provided in an award agreement, upon the vesting of a restricted stock unit, there will be delivered to the grantee, within 30 days of the date on which such award (or any portion thereof) vests, the number of shares of common stock equal to the number of restricted stock units becoming so vested.

Other Stock-Based Awards. The 2021 Plan also allows the Compensation Committee to grant “Other Stock-Based Awards,” which means a right or other interest that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, common stock. Subject to the limitations contained in the 2021 Plan, this includes, without limitation, (i) unrestricted stock awarded as a bonus or upon the attainment of performance goals or otherwise as permitted under the 2021 Plan, and (ii) a right to acquire stock from us containing terms and conditions prescribed by the Compensation Committee. At the time of the grant of other stock-based awards, the Compensation Committee may place restrictions on the payout or vesting of other stock-based awards that will lapse, in whole or in part, only upon the attainment of performance goals; provided that such Performance Goals will relate to periods of performance of at least one fiscal year, and if the award is granted to a 162(m) Officer, the grant of the Award and the establishment of the performance goals will be made during the period required under Internal Revenue Code Section 162(m). Other Stock-Based Awards may not be granted with the right to receive dividend equivalent payments.

Performance Awards. Performance awards provide participants with the opportunity to receive shares of our common stock, cash or other property based on performance and other vesting conditions. Performance awards may be granted from time to time as determined at the discretion of the Board, or the Compensation Committee (as applicable). Subject to the share limit and maximum dollar value set forth above under “*Limits per Participant*,” the Board, or the Compensation Committee (as applicable), has the discretion to determine (i) the number of shares of common stock under, or the dollar value of, a performance award and (ii) the conditions that must be satisfied for grant or for vesting, which typically will be based principally or solely on achievement of performance goals.

Performance Criteria. With respect to awards intended to qualify as performance-based compensation under Code Section 162(m), a committee of “outside directors” (as defined in Code Section 162(m)) with authority delegated by our Board will determine the terms and conditions of such awards, including the performance criteria. The performance goals for restricted stock awards, restricted stock units, performance awards or other stock-based awards will be based on the attainment of specified levels of, among other metrics, the attainment of certain target levels of, or a specified percentage increase in, revenues, earnings, income before taxes and extraordinary items, net income, operating income, earnings before or after deduction for all or any portion of income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing.

The performance goals may be based solely by reference to our performance or the performance of one or more of our subsidiaries, parents, divisions, business segments or business units, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The authorized committee of outside directors may also exclude under the terms of the performance awards, the impact of an event or occurrence that the committee determines should appropriately be excluded, including restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, or changes in generally accepted accounting principles or practices.

Limitation on Liability and Indemnification Agreements

Our Certificate and Bylaws contain provisions limiting the liability of directors and provide that we will indemnify each of our directors to the fullest extent permitted under Delaware law. Our Certificate and Bylaws also provide our Board with discretion to indemnify our officers and employees when determined appropriate by the Board. In addition, we have entered into indemnification agreements with each of our directors and executive officers. These agreements provide for the indemnification of such persons for all reasonable expenses and liabilities incurred in connection with any action or proceeding brought against them by reason of the fact that they are or were serving in such capacity. We have also obtained director and officer liability insurance to cover liabilities our directors and officers may incur in connection with their services to us.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Certain Relationships

Milton C. (Todd) Ault, III, our Founder and Vice Chairman, has had significant influence over our Company, directly and through his controlling interests in Hyperscale Data, Ault Lending and ALSI. Mr. Ault is also the Chairman, Chief Executive Officer and was the single largest beneficial stockholder (through Ault & Co.) of Hyperscale Data. The Board and executive officers of our company and the board of directors and executive officers of Hyperscale Data contain some of the same individuals. William B. Horne, the Chairman of the Board of our company, is the Chief Executive Officer and a director of Hyperscale Data and Henry Nisser, our Executive Vice President, General Counsel and a director of our company, is the President, General Counsel and a director of Hyperscale Data.

Transactions with Related Persons

To the best of our knowledge, during our most recent fiscal year end on April 30, 2025, other than as set forth below, there were no material transactions, or series of similar transactions, or any currently proposed transactions, or series of similar transactions, to which we were or are to be a party, in which the amount involved exceeds \$26,173, or 1% of the average total assets at year-end for the last two completed fiscal years, and in which any director or executive officer, or any security holder who is known by us to own of record or beneficially more than 5% of any class of our common stock, or any member of the immediate family of any of the foregoing persons, has an interest (other than compensation to our officers and directors in the ordinary course of business).

Our accounting and finance department use shared office space within the Costa Mesa offices of Hyperscale Data.

Future Transactions

Our Board has adopted a policy whereby any future transactions between our company and any of our subsidiaries, affiliates, officers, directors, principal stockholders or any affiliates of the foregoing will be on terms no less favorable to us than could reasonably be obtained in "arm's length" transactions with independent third parties, and any such transactions will also be approved by a majority of our disinterested and independent outside directors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information known to us regarding the beneficial ownership of Common Stock as of the Record Date, by: (i) each of our named executive officers; (ii) each of our directors; (iii) all our executive officers and directors as a group; and (iv) each person, or group of affiliated persons, known by us to beneficially own more than 5% of any class of our voting securities.

Information with respect to beneficial ownership is based on information furnished to us by each director, executive officer or stockholder who holds more than 5% of our outstanding Common Stock, and Schedules 13G or 13D filed with the SEC, as the case may be. Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he or she possesses sole or shared voting or investment power of that security, and includes options and warrants that are currently exercisable within 60 days of the Record Date. Options to purchase shares of Common Stock that are exercisable within 60 days of the Record Date, are deemed to be beneficially owned by the persons holding these options for the purpose of computing percentage ownership of that person, but are not treated as outstanding for the purpose of computing any other person's ownership percentage. Except as indicated in the footnotes below, each of the beneficial owners named in the table below has, to our knowledge, sole voting and investment power with respect to all shares of Common Stock listed as beneficially owned by him or her, except for shares owned jointly with that person's spouse.

We have based our calculation of beneficial ownership on _____ shares of Common Stock outstanding as of the Record Date. Unless otherwise indicated, the address for each of the stockholders in the table below is c/o Alzamend Neuro, Inc., 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, several brokers with account holders who are our stockholders will be "householding" our Proxy Materials. A single set of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate set of Proxy Materials, please notify your broker or Alzamend Neuro. Direct your written request to: Alzamend Neuro, Inc., 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326, Attn: Secretary.

Stockholders who currently receive multiple sets of Proxy Materials at their addresses and would like to request "householding" of their communications should contact their brokers.

PROPOSALS OF STOCKHOLDERS FOR THE 2027 ANNUAL MEETING

If you want to submit a proposal for inclusion in our proxy statement for the 2027 Annual Meeting, you may do so by following the procedures in Rule 14a-8 under the Exchange Act. To be eligible for inclusion, stockholder proposals (other than nominees for directors) must be received at the Company's principal executive office, at the following address 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326, Attention: Corporate Secretary, no later than _____, 2026 (120 days before the anniversary of this year's mailing date).

Under Rule 14a-4 promulgated under the Exchange Act, if a proponent of a proposal that is not intended to be included in the proxy statement fails to notify us of such proposal at least 45 days prior to the anniversary of the mailing date of the preceding year's proxy statement, then we will be allowed to use our discretionary voting authority under proxies solicited by us when the proposal is raised at such annual meeting of stockholders, without any discussion of the matter in the proxy statement.

In addition, our Bylaws contain an advance notice provision that requires that all business proposed by a stockholder that will be conducted or considered at a meeting must meet notice requirements. For business to be properly submitted by a stockholder for a vote at a meeting, the stockholder must (i) be a shareholder of record as of the record date for the meeting, (ii) be entitled to vote at the meeting, and (iii) have given timely notice in writing of the proposal to be submitted by the stockholder for a vote. The stockholder's notice must be delivered to the Secretary at the Company's principal executive office. To be timely, a stockholder's notice must be received by the Secretary at least 90 calendar days before the date corresponding to the date for the annual meeting in the preceding year, and no more than 120 calendar days before that date; provided, however, if the date of the annual meeting is changed by more than 30 calendar days from the date corresponding to the date of the preceding year's annual meeting, or if we did not hold an annual meeting in the preceding year, then the stockholder's notice will be considered timely if it is received by the Secretary not later than the close of business on the tenth calendar day following the day on which such notice of the date of the annual meeting was mailed or the date on which public disclosure of the date of the annual meeting was made, whichever first occurs.

A stockholder's notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the stockholder who intends to propose the business, and of the beneficial owner, if any, on whose behalf the proposal is made, (iii) such information regarding each director nominee or each matter of business to be proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated, or intended to be nominated, or the matter been proposed, or intended to be proposed by the Board; (iv) if applicable, the consent of each nominee to be named in the proxy statement and to serve as director of the Company if so elected; (v) the class or series and number of shares of the Company that are owned beneficially and of record by the stockholder proposing such business and by the beneficial owner, if any, on whose behalf the proposal is made, and (vi) any material interest of such stockholder proposing such business and the beneficial owner, if any, on whose behalf the proposal is made in such business.

OTHER MATTERS

The Board knows of no business to be brought before the 2026 Annual Meeting which is not referred to in the accompanying Notice of Annual Meeting. Should any such matters be presented, the persons named in the proxy shall have the authority to take such action regarding such matters as in their judgment seems advisable. If you hold shares through a broker, bank or other nominee as described above, they will not be able to vote your shares on any other business that comes before the 2026 Annual Meeting unless they receive instructions from you with respect to such matter.

A copy of the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2025 is available without charge upon written request to: Alzamend Neuro, Inc., 3480 Peachtree Road NE, Second Floor, Suite 103, Atlanta, GA 30326, Attn: Secretary.
